#TeamFloriduh

2014 HealthDataPalooza

Data Toolkit

An ongoing list of tools and technology, and educational resources necessary to get started with public data analysis. TL;DR Not a tutorial, but pretty close.

First Insights

Good news, CMS really does appear to be blind to race, sex and gender in reimbursement rates. TL;DR We found what we expected. Go us!

WRITTEN BY LAUREN STILL — APRIL 13, 2014

First Look

A disappointing first look into the CMS Provider database and the limitations presented when exploring other data mashups. TL;DR Annual Data Averages.

Hello World!

The start of #TeamFloriduh and an overview the unique problems faced by the home state of the world's worst superhero. TL;DR Diabetes, Golf and Medicare.
